

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since nineteen fifty nine. Whether the work entails positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler will help make the task go easier and faster. These units are available with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can provide eighty inches of boom travel for precision placement capabilities. There are also lots of optional Lull attachments for their telehandlers to be able to help do whichever task.
