

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Parts - Offering solutions, services and products to be able to ensure efficiency and to increase the productivity within residential, industrial and commercial environments, Ingersoll Rand is very proud provider of products that help enhance the health, safety, comfort and security of people all over the world.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman manufactures food merchandising and refrigeration solutions. Trane is a trusted provider of energy efficient heating ventilation and air conditioning systems, contracting and building parts support, advanced controls and services used for both residential homes and commercial buildings.

The Industrial Technologies sector of Ingersoll Rand provides products and solutions in order to improve energy efficiency, productivity and operations for their clients. The series of products in their line comprise: pumps and tools, and material fluid handling systems to complete compressed air systems. They have even developed Club Car, the international leader in golf and utility vehicles for businesses and individuals.

Well-known brands like Trane and Schlage compromise the Residential Solutions business, providing efficiency, comfort and safety to home owners all across North America. Several of their innovative quality products include mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, remote home management, portable security systems and advanced controls.

The division comprising Security Technologies provides products that ensure productive, secure and safe surroundings. This division's market leading products include floor and door closers, exit devices, portable security devices, biometric and electronic cabinet hardware, access control systems, steel locks, doors and frames, locksets and decorative hardware. Schlage also has products that offer personal, time and attendance scheduling systems.
