

Concrete Hopper

Concrete Hopper - This attachment is a self-dumping hopper that automatically activates to unload as soon as bumper release touches the side of a dumpster. As soon as dumping is done, the hopper goes back to an upright and locked position. This particular piece of equipment is also presented together with a cable which allows operation from the seat of the forklift in order to have the option of manually dumping the hopper. There is a locking chain provided to lock the hopper to the tine truck. This product is made with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper even has a blue powder coat finish to maintain durability.
